Enjoying Authentic Living

Enjoying authentic living is what Creative Collection is all about; embracing life, all aspects of it, and living it every day.

Driven by a love for authentic living we share a new collection of characteristic design. The collection is presented through three inspiring and strong themes: COTTAGE, BOTANIST, and SAFFRON & GINGER.

Each defined by their own distinctive expression.

Creative Collection dares enjoying authentic living – without worries and full of life and experience. It is something to enjoy and feel welcome in. Authentic living is the essence of Creative Collection.

Enjoying

Enjoying is a positive word making everyone warm inside. Enjoy includes all and is full of life and happy days. It's nice and uncomplicated.

Authentic

Creative Collection is a unique brand with charm, character and personality and the right amount of authenticity to make it stand out.

Living

Living is a beautiful word as it embraces all kinds of individual feelings and represent much more than just design – living is home, design and interior all in one.

Did you know

The logo is designed from a classic typography – with a Creative Collection twist. The stroke is removed from the i, but the dot is remained. This gives the logo its strength and signature look; the subconsciousness reads the i's anyway, but the twist and elusiveness embrace what Creative Collection is. **A brand that dares standing out and definitely a brand worth knowing.**

Surround yourself with nature and be enchanted by its beauty; bring it inside to celebrate that the cycle of life and nature are fundamental to us. Floral prints and natural colors on textiles and interior complete the botanical feel which is so essential to us – it makes us happy to be one with nature and its calm colors.

A remarkable FOUND

The Sasu Wall Decor is an obvious choice for unique decoration for the wall. Back in time, the textile screens have been used to print patterns on textiles. They are old, fragile, and minor cracks may appear – all small perfect imperfections that are part of the story of the screens. They vary in color and no two are alike – reminding us that each FOUND is unique and amazing.

Fleur is French for flower

Flowers are unique, special, and vary in appearance ...
The Fleur Tableware series has the same characteristics;
each piece is hand painted and due to a reactive glaze, a
beautiful variation occurs throughout the series, making
the series a favorite.
